a low cost tension method of securing plastic

Dear Customer,

For over 75 years, Continental Western Corporation (CWC) has been proud to provide our distributors with quality products, timely delivery and outstanding customer service. In order to better serve your needs and become your one stop supplier, CWC is happy to offer you our Steel and Plastic Strapping Products Catalog.

CWC has carefully selected the products in this catalog to ensure the highest quality and value possible. Every item has been carefully selected for its performance and durability. CWC strives to provide the highest level of quality goods in the industry.

CWC takes pride in the accurate and timely deliveries of our orders. We maintain large inventory levels in all of our seven warehouse locations to give us the ability to ship same day or next day after we receive your order.

CWC has a highly trained and knowledgeable sales staff to assist you with your strapping product needs.

CWC sincerely appreciates the opportunity to serve you. The next time you need strapping products, please allow CWC to be your vendor of choice. We will be happy to quote you on the products in this catalog, as well as any other product requirements you may have.

OS = Oscillated RW = Ribbon Wound
P/W = Painted and Waxed Z= Zinc Coated

OSCILLATED

Steel strapping is wound in a uniform pattern to a coil width of 2-7/8".

RIBBON WOUND

Steel strapping is wound onto itself so that the width of the coil is the same as the width of the strap.

STANDARD DUTY STEEL STRAPPING

A low carbon form of steel strapping made for low to medium usage. This type of strapping is typically used for package reinforcement, unitizing, palletizing, box closure and bundling.

Heavy Duty

HEAVY DUTY STEEL STRAPPING

This is a medium carbon, cold rolled steel strap. Depending on the application, it has similar characteristics to high tensile steel. It provides higher tensile strengths and elongation over regular duty strap. It is ideal for heavy applications such as brick, steel coils and lumber when unitizing is required. AAR strap available upon request.

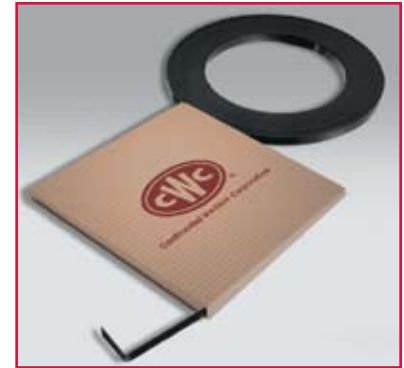

STEEL strapping seals

Mini-Coils

| Item No | Item | Width Thickness | Approx. Length |
|---------|-----------------|-----------------|----------------|
| 177008 | Steel Mini-Coil | 1/2" x .020 | 300' |
| 177205 | Steel Mini-Coil | 1/2" x .023 | 300' |
| 177206 | Steel Mini-Coil | 5/8" x .020 | 300' |
| 177207 | Steel Mini-Coil | 5/8" x .023 | 300' |
| 177208 | Steel Mini-Coil | 3/4" x .020 | 300' |
| 177209 | Steel Mini-Coil | 3/4" x .023 | 300' |

MINI-COILS

For convenience, these coils are packed in self-dispensing cartons.

Steel Strapping Seals - Standard Duty

| Item No | Seal Type | Size | Length | Mil Gauge | Qty/Ctn | Wt/Ctn |

| 175044 | Push | 3/4" | 1.75" | .030 | 2,000 | 62 lbs |
| 175760 | Open | 1-1/4" | 2.25" | .030 | 1,000 | 47 lbs |
| 175761 | Push | 1-1/4" | 2.25" | .030 | 1,000 | 68 lbs |

STEEL STRAPPING SEALS

Selection of the seal is determined by the type of tool or machine that applies the strap.

OPEN

Open seals snap onto overlapping strap ends prior or after tensioning. Used in applications with a flat working surface.

PUSH

Push or closed seals are used in strap applications involving round or irregular shaped packages. Strap is threaded through the seal.

MAGAZINE

Clips of 50-100 open seals for combination tools and strapping machines.

Compact Steel Strap Tensioner

176721 - Use with 3/8" to 3/4" strapping, .015 - .023 gauge

176707 - Domestic version, same as above

Medium Steel Strap Tensioner

176722 - Use with 3/8" to 3/4" strapping, .015 - .025 gauge

176729 - Domestic version, same as above

Heavy Duty Steel Strap Tensioner

176720 - Use with 3/4" to 1-1/4" strapping, .025 - .031 gauge

176718 - Domestic version, same as above

Compact Feedwheel Pusher Tensioner

176044 - Use with 3/8" to 3/4" strapping, .015 - .025 gauge

Heavy Duty Feedwheel Pusher Tensioner

176045 - Use with 5/8" to 1-1/4" strapping, .023 - .031 gauge

Double Notch Steel Strap Sealer/Crimper

176712, 176733, 176738
Use with 1/2" strapping, .015 - .023 gauge

176713, 176734, 176739
Use with 5/8" strapping, .015 - .023 gauge

176715, 176735, 176732
Use with 3/4" strapping, .015 - .023 gauge

Steel Strap Shears

176710 - Use with 3/8" to 1-1/4" strapping, .015 - .031 gauge

176708 - Domestic version, same as above

Heavy Duty Steel Strap Sealer/Crimper

176743 - Double Notch use with 3/4" strapping, .023 - .031 gauge

176717 - Double Notch use with 1-1/4" strapping, .025 - .035 gauge

176719 - Single Notch use with 1-1/4" strapping, .025 - .035 gauge

Steel and Poly Strap Dispenser

Single Handle

176725 - 6" steel wheels

176049 - 7" rubber wheels

176050 - 6" plastic wheels

Two Handle

176051 - 10" rubber wheels

Accepts 3", 6", & 8" width coils and 8" & 16" cores. Includes a brake and a tool tray.

Heavy Duty Steel & Poly Strap Dispenser

176726 - 8" steel and rubber wheels. Accepts 3" width coils with 6" cores. For use with ribbon and oscillated wound strapping.

176727 - 10" steel and rubber wheels. Accepts ribbon wound steel strap only.

176758 - 8" steel and rubber wheel. Accepts all core sizes.

Two handle dispensers which include a strap troller and a large tool tray.

A wide range of other tools are available.

Call for cross reference information.

Determining The Core Size

First, measure the inside diameter of the coil (1).
Second, measure the width of the coil (2).
Easy way to remember: Always measure inside-out.

TYPICAL CORE SIZES:

16" x 6" 16" x 3"
8" x 8" 9" x 8"
11" x 8" 4" x 6"
8" x 6"

STRAP FINISH:

Embossed or smooth depends on the equipment.

SPECIAL ORDERS:

192 coil minimum order.

NOTE:

Printed strap is also available.

Hand Grade or Machine Grade Polyester

POLYESTER STRAPPING

Can be used with hand tools or in power equipment. It has low elongation, excellent impact resistance and it offers more break strength around corners than steel. It is not affected by heat, cold or moisture. It meets government ASTM specifications and is acceptable for parcel post, road transport, rail and air-freight.

PLASTIC strapping

Polypropylene Dispenser Packs

| Item No | Stock No | Width | Length | Color | Nominal Break | Buckles | Wt/Coil |
|---------|----------|-------|--------|--------|---------------|---------|---------|
| *172007 | #1500 | 1/2" | 1200' | Black | 300 lbs | 100WB | 4 |
| 172009 | #3000 | 1/2" | 3000' | Yellow | 300 lbs | 500PB | 12 |

| 172015 | #5000 | 1/2" | 4000' | Black | 600 lbs | 250WB | 20 |

Dispenser Packs provide packaging systems for the manual strapper that are convenient, economical and easy to use. Each kit is a total, self-contained unit with strap, buckles and a tensioning tool. From bundling and closures to palletization and unitization, these strapping kits are ideal for light duty applications.

* Packaged as 4 coils per carton. All others are packaged 1 coil per carton.

Polypropylene Pre-Cut Pallet Strapping

| Item No | Width x Length | Nominal Break | Pieces/ Carton | Standard Color |

| 174325 | 50 RW | 5/8" | 1,000 | 13.4 lbs | 725 lbs |
| 174330 | 60 RW | 3/4" | 700 | 12.0 lbs | 900 lbs |

Packaged 4 coils per carton. Light duty woven also available.

Composite Cord Strapping

| Item No | Width | Length/Coil | Coil/Ctn | Wt/Coil | Approx Tensile |
|---------|-------|-------------|----------|----------|----------------|
| 174035 | 3/4" | 2,132' | 2 | 61.0 lbs | 1,804 lbs |

Additional Cord Strapping designed for the Lumber Industry is available.

Manual Tensioner and Crimper/Sealer

| Item No | Item |
|------------------|--|
| 176010 176043 | Tensioner for Polypro, Polyester and Cord Strap Domestic |
| 176030 176025 | Regular Duty Crimper/Sealer - 1/2" Domestic |
| 176035 176025 | Regular Duty Crimper/Sealer - 5/8" Domestic |
| 176040 176745 | Regular Duty Polyester Crimper/Sealer - 1/2" Domestic |
| 176042 176746 | Regular Duty Polyester Crimper/Sealer - 5/8" Domestic |

Economy Tensioner and Crimper/Sealer

| Item No | Item |
|---------|---|
| 176612 | Tensioner for Polypro, Polyester and Cord Strap |
| 176620 | Economy - Long Handle Crimper/Sealer - 1/2" |
| 176600 | T-Bar Hand Tensioner |

Edge Protectors

| Item No | Style No | Gauge | Width | Length | Legs | Qty/Ctn | Wt/Ctn | Color |
|---------|----------|-------|--------|--------|--------|---------|--------|-----------------|
| 184015 | #122 | | 2-1/2" | 1-3/4" | 1-3/4" | 1,000 | 24 lbs | Black Plastic |
| 184100 | | .120 | 2" | 2" | 3" | 1,440 | 50 lbs | Laminated Paper |
| 184104 | | .120 | 2" | 2" | 2-1/2" | 1,800 | 60 lbs | Laminated Paper |

Other sizes of edge protectors and corner boards available upon request.

Polypropylene Strap Dispenser

| Item No | Item |
|--------------------|---|
| 176050 & 176725 | Universal Strap Cart for core sizes. Accepts 3", 6", & 8" face coils as well as 8" & 16" cores. Includes an automatic brake, sturdy wheels & a tool tray. |
| 176726 | Heavy Duty Strapping Cart accommodates core sizes: 16" x 3". This cart can handle both plastic and steel strap up to 2" wide. |

Semi-Automatic Strapping Machine

| Item No | Item |
|---------|--|
| 180002 | Handles core sizes 8" x 8" or 9" x 8". Adjustable for strap sizes 1/4" - 1/2". Weight 190 lbs. |

Buckles

| Item No | Item | Size | Wire Dia | Qty/Ctn | Wt/Ctn |
|-----------|----------------------------|------|----------|---------|--------|
| 175025 | Wire Buckles | 1/2" | .105 | 1,000 | 14 lbs |
| 175035 | Wire Buckles | 5/8" | .120 | 1,000 | 11 lbs |
| 175045 | Wire Buckles | 3/4" | .120 | 1,000 | 21 lbs |
| 175027 HD | Wire Buckles | 1/2" | .120 | 1,000 | 18 lbs |
| 175028 HD | Wire Buckles (square wire) | 1/2" | .120 | 1,000 | 16 lbs |
| 175006 | Poly Buckles | 1/2" | N/A | 1,000 | 4 lbs |
| 175010 | Poly Buckles | 5/8" | N/A | 1,000 | 5 lbs |
| 175115 | Phosphate Buckles | 3/4" | .130 | 1,000 | 43 lbs |

BUCKLES

Buckles are a low cost method of securing plastic strapping. Metallic buckles can generally withstand greater tensioning by hand, or with a tensioning tool over plastic buckles. Because there is no permanent seal or crimp, the strap can loosen slightly through the buckle. The greatest asset of the buckle system is portability and the ability to re-tension the strap.

Seals

| Item No | Seal Type | Size | Length | Mil Gauge | Qty/Ctn | Wt/Ctn |
|---------|-----------|------|--------|-----------|---------|--------|
| 175065 | Open | 1/2" | 1.25" | .025 | 1,000 | 12 lbs |
| 175085 | Open | 5/8" | 1.25" | .025 | 1,000 | 15 lbs |
| 175100 | Open | 3/4" | 1.25" | .025 | 1,000 | 18 lbs |
| 175060 | Closed | 1/2" | 1.25" | .020 | 1,000 | 11 lbs |
| 175075 | Closed | 5/8" | 1.25" | .025 | 1,000 | 15 lbs |
| 175112 | Serrated | 1/2" | 1.25" | .030 | 1,000 | 15 lbs |
| 175095 | Serrated | 5/8" | 1.25" | .040 | 1,000 | 17 lbs |

SEALS

Open Seals are used for light, medium and heavy duty tensioning of all strap sizes. The open seal may be applied at any time before the tension is released.

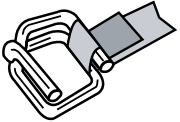

Closed Seals are used for light to medium tensioning applications. The seal must be threaded through the strap before the tensioning tool is brought into use.

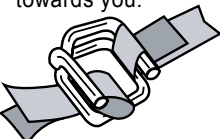

Serrated Strapping Seals are used with polyester strap. They are manufactured with toothed inner surface to increase the friction between strap and seal. When used in combination with the proper tools, these seals guarantee a high seal efficiency.

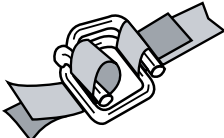

How To Thread Buckles

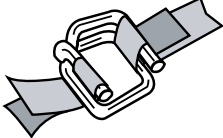

- 

Form a 3" loop by folding strap away from you. With buckles tines facing right, pass loop up through the center of the buckle.
- 

Slip the loop over front tine (Farthest from you).
- 

Pull strap down and away.
- 

Place a strap around package. Form a new loop by folding strap towards you.
- 

Slip new loop over other tine.
- 

Tension, by pulling on the strap coming from the coil.
